COVID-19 Home Screening Tool

Students & Staff:

- The CDC does not currently recommend universal symptom screenings (screening all students grades K-12) be conducted by schools.
- Parents or caregivers are strongly encouraged to monitor their children for signs of infectious illness every day.
- Employees and Students are to conduct a home health screening, daily, prior to coming to school/work.
- Anyone exhibiting the following symptoms should not attend school/work in-person.
- Please check your child/self for these symptoms, daily:

Section 1: Symptoms

Group A 1 or more symptoms	Group B 2 or more symptoms
<ul style="list-style-type: none"> • Cough- uncontrolled that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline) • Shortness of breath • Difficulty breathing • New “smell” disorder; loss of smell • New taste disorder; loss of taste 	<ul style="list-style-type: none"> • Fever of 100.4 degrees Fahrenheit or higher • Chills • Rigors (episode of shaking or exaggerated shivering which can occur with a high fever) • Myalgia (body/muscle aches) • Headache; severe especially with a fever • Sore throat • Nausea or vomiting • Diarrhea • Fatigue • Congestion or runny nose (not related to allergies)

Students & Staff: Stay home and contact your doctor if you:

- Have one (1) or more symptoms in Group A **OR**
- Have two (2) or more symptoms in Group B **OR**
 - Are taking fever reducing medication.
